

Material Safety Data Sheet  
 May be used to comply with  
 OSHA's Hazard Communication Standard.  
 29 CFR 1910.1200. Standard must be  
 consulted for specific requirements.

U.S. Department of Labor  
 Occupational Safety and Health Administration

MARCH 2007

IDENTITY	NEWTAP	Synonyms: NU-TAP, NEW-TAP, NUTAP
----------	--------	----------------------------------

Section I

Manufacturer's Name NEW LUBE, INC.	Emergency Telephone Number (253) 854-7779
Address (Number, Street, City, State, and ZIP Code)	Telephone Number for Information (800) 227-9876
633 South Central Avenue	Date Prepared 03/19/07
Kent, Wa. 98032	

Section II - Hazardous Ingredients/Identity Information

Hazardous Components (Specific Chemical Identity; Common Name(s))	OSHA PEL	ACGIH TLV	Other Limits	Recommended
---	----------	-----------	--------------	-------------

The specific composition and component identities of this product are regarded by New Lube, Inc. to be a trade secret and their disclosure is withheld per CFR 1910:1200 (h). Medical personnel requiring this information are instructed to contact New Lube, Inc. directly with their request per CFR 1910:1200 (h). New Lube, Inc. certifies that all requirements of the Toxic Substance Control Act as amended have been complied with. All components of this formulation are listed in the TOSCA Inventory of Chemical Substance. Neither the product nor any of its components is on the list of Hazardous Materials.

Section III - Physical/Chemical Characteristics

Boiling Point -	Unknown	Specific Gravity (H <sub>2</sub> O = 1) at 68° F -	~0.80
Vapor Pressure (mm Hg)	N/A	Melting Point	
Vapor Density (AIR = 1)	N/A	Evaporation Rate (Butyl Acetate = 1)	
Solubility in Water	Nil		

Appearance and Odor  
 Green, Blue, or Clear liquid at 68° F; Slight odor

Section IV - Fire and Explosion Hazard Data

Flash Point (Method used)	170° C (open cup)	Flammable Limits	LEL	N/A	UEL	N/A
Extinguishing Media	Water, fog, foam, Carbon Dioxide, Dry Chemical					

Special Fire Fighting Procedures - Treat as oil fire. Do not use a direct stream of water. Do not enter confined fire space without proper protective equipment including a NIOSH approved contained breathing apparatus. Cool fire exposed surfaces.

Unusual Fire and Explosion Hazards None known

# NEWTAP

## Section V - Reactivity Data

Stability	Unstable		Conditions to avoid	Heat, sparks, open flames.
	Stable	X		
Incompatibility (Materials to Avoid)		Strong oxidants, heat, sparks, open flame		

## Hazardous Decomposition or Byproducts

Hazardous Polymerization	May Occur		Conditions to Avoid	None known
	Will Not Occur	X		

## Section VI - Health Hazard Data

Route(s) of Entry:	Inhalation?	No	Skin?	Yes	Ingestion?	Minimal
--------------------	-------------	----	-------	-----	------------	---------

Health Hazards (Acute and Chronic) None expected, however, prolonged and repeated skin contact may cause irritation or skin disorders such as dermatitis or oil acne. Wash thoroughly with soap and water prior to using toilet facilities - eating, drinking or smoking.

Carcinogenicity:	NTP?	None	IARC Monographs?	N/A	OSHA Regulated?	N/A
------------------	------	------	------------------	-----	-----------------	-----

Signs and Symptoms of Exposure	None known
--------------------------------	------------

Medical Conditions Generally Aggravated by Exposure	None known
---	------------

Emergency and First Aid Procedures  
Inhaled - Not applicable. On skin - Wash thoroughly with water. In eyes - Flush with water, lifting upper and lower eyelids occasionally. Ingested - Considered no more than slightly toxic if swallowed.

## Section VII - Precautions for Safe Handling and Use

Steps to be Taken in Case Material is Released or Spilled - Recover free product. Soak up with absorbent material, sand, or sawdust. Keep from sewers or waterways by diking or impounding. Advise authorities if product enters waterways or extensive land areas. Dispose of recovered material and residue in compliance with all federal, state, and local regulations. Neutralization not required.

Waste Disposal Method For small amounts - normal waste; may be incinerated. For large amounts - chemical dump. This product, if disposed of, is not considered a hazardous waste under current RCRA regulations.

Precautions to be Taken in Handling and Storage This product is not known or expected to be hazardous, but as with all chemical products, exercise caution in handling and using this material.

Other Precautions Not required

## Section VIII - Control Measures

Respiratory Protection (Specify Type) Not required under normal conditions of use

Ventilation	Local Exhaust	Special
	Mechanical (General)	Other

Protective Gloves	Not required	Eye Protection	Safety glasses or goggles recommended
-------------------	--------------	----------------	---------------------------------------

Other Protective Clothing or Equipment Not required

Work/Hygenic Practices Not required
